As regards the publication of the Kolar Gold Fields Report, the practice hitherto, i.e. from the year 1892 up to the offl year 1899-1900, was to publish all the Dt Reports in the Administration Report in a separate part (Part IV) under the heading "District Details". Letter No.4047/244 dated the 20th January 1903, from the Inspector General of Police in Mysore, submitting the report on the administration of the Police of the State for the official year 1901-02.

Order thereon, No. 1894-1902 27/6 & 1359 for 03.

The above report was submitted by the Inspector General about two and half months after the prescribed date, there having been some unavoidable delay in collecting the information required for the preparation of the newly prescribed statistical returns. ~~A further delay of nearly two months has also occurred in getting the report through the press, which is to be regretted.~~

2. The total number of cognizable cases reported to the Police during the year under review was 6463, which was somewhat less than the figure for the previous year, but exceeded by 621 the average number of cases reported during the preceding nine years. Among heinous offences, an increase is observed under murder, dacoity, robbery, house-breaking and theft, the true cases reported under each head being 72, 104 (of which five were torch-light and

three mail dacoities), 98,1430 and 2269 respectively as against 62, 59, 49, 849 and 2097 the previous year. Convictions were obtained in 21, 31, 15, 232 and 1043 of these cases respectively, results which (owing partly to the large number of cases pending) do not in some instances compare favourably with those of the previous years. Judging however by the figures subjoined, shewing the convictions in cases investigated and in those sent up for trial, and the recoveries of property lost, Government consider that there is on the whole a marked improvement in the work of investigation and detection:-

	1898-99	1899-00	1900-01	1901-02
I. Percentage of Police cases ending in conviction to cases investigated.	38.1	41.4	45	48.02
II. Percentage of persons convicted in Police cases to persons sent up for trial.	56.4	59.3	59.07	62.7
III. Percentage of property recovered to property lost.	42.7	48.6	41.2	45.6

Para 26

3. Government have always attached considerable importance to preventive action in regard to offences against property, and it is therefore gratifying to note that 105 cases involving 174 persons were placed before Magistrates under the preventive sections of the Criminal Procedure Code, and orders for binding the accused for good behaviour obtained in 79 cases involving 118 persons, whereas in the previous year only 31 cases involving 37 persons were so dealt with and orders obtained in 24

cases

cases involving 27 persons. The work done in this direction is, however, not satisfactory as regards the Mysore and Kadur Districts and the Cities of Bangalore and Mysore.

Paras 27, 28 & 29.

4. It is clear from paras 27 to 29 of the report that District Police officers generally are not sufficiently alive to the importance of other forms of preventive action, such as, the registration of the houses of receivers of stolen property and the careful maintenance of registers of itinerant criminal gangs and of known depredators. ~~This is not as it should be.~~ Government would be glad to see an improvement in this respect.

Para 36.

5. The part taken by Amildars and Dy. Amildars in the investigation of cases is disappointing. A slightly increased proportion of cases was, however, taken up by Jamedars and Head Constables. As the bulk of the work of investigation has necessarily to be entrusted to Duffedars, the Government think that greater attention should be paid to the selection and training of this class of Officers.

Paras 49 & 60

6. The actual strength of the force during the year under review was 846 Officers and 4685 constables, of whom 816 Officers and 2317 men are reported to be literate.

Para 48

7. The total cost of the department was Rs 9,62,958 or Rs 3032 less than in the previous year.

Paras 53+54

8. The percentage of departmental punishments to total force was 25.4, as against 20.3 in the last year, and the amount of fine inflicted, Rs 526 or Rs 8 more than the year previous. The system of awarding black marks, which should entail stoppage of leave, reduction or dismissal according to the number of marks awarded, should be resorted to in preference to fines, which, the Government agree with Mr Harold in thinking, should be discouraged as far as possible.

Para 54

9. The inspection work done by the District Police Officers during the year was, on the whole, good; and among those the Superintendents of Bangalore and Tumkur and the Assistant Superintendent of Kolar and Mysore are entitled to special mention for the good work done by them in connection with the Chikballapur murder case and the case of torch-light dacoity in the Bagepalli Taluk. Similarly they deserve mention the work of Messrs. K. Subbarao Asst Supdt of the Kadur Dist and of Inspector Sri Narasimha-Shastri in connection with the series of dacoities committed in the Shimoga and Kadur Dists by foreign gangs. Prompt action taken by these officers in organising their measures of prevention also is commendable.

The observations of Messrs Hassan Chamarajanagar who inspected only a couple of police stations during the year might have inspected a larger number. Govt desire to express their appreciation of the good work done by Mr. G. V. Krishnamurthi in connection with the Chikballapur murder case and the case of torch-light dacoity in the Bagepalli Taluk. Similarly they desire to express their appreciation of the work of Messrs. K. Subbarao Asst Supdt of the Kadur Dist and of Inspector Sri Narasimha-Shastri in connection with the series of dacoities committed in the Shimoga and Kadur Dists by foreign gangs. Prompt action taken by these officers in organising their measures of prevention also is commendable.
